### **Come see Chateau Theatre's first 3D movie**

After much anticipation, the new digital projection system is expected to be operational for this week's movie. The new projector includes 3D capabilities.

The installation couldn't have come at a better time, with this week's movie, "Transformers 3," playing in 3D. This is a cinematic event you'll surely not want to miss.

### **Chase County Museum to feature glass washboards this weekend**

Your grandmother's washboard went through many changes over the years, the most noticeable of which was the switch to glass.

During the WWII, wage and price controls as well as not being able to secure metal for the rubbing surface were factors in the switch to using glass for the rubbing surface. The glass washboard became an instant "hit" but died when metal became available again.

Chuck Vette of Wauneta started collecting glass washboards in 1968. His first washboard was his mother's. Vette's collection includes approximately 70 washboards, many of which will be on display at the Chase County Museum this Sunday.

Museum hours on Sunday will be from 1 p.m. to 4 p.m.

Hair Chateau offering back-to-school specials

---

All teachers and school-age students will want to be sure to make an appointment at Hair Chateau for their hair styling needs.

The salon is running specials now through Aug. 23, with deals on haircuts, waxes and dye jobs.

Call Cindy or Ariel at 308-394-5515 to find out more information and to book your appointment.

### **Solo drama ministry coming to Hamlet Union Church on Aug. 14**

People are invited to attend a morning of praise and testimony from Dr. Rich Studebaker at Hamlet Union Church on Sunday, Aug. 14.

The event begins at 6:30 p.m. MT/7:30 p.m. CT, and also includes a play.

Dr. Studebaker has a Ph.D. in Theology and has been an ordained minister in the Missionary Church for over 20 years.

Free will donations will be accepted.

### **Pioneer Cafe's Sunday meal menu ready for August**
