Temperatures during this year's Harvest Fest soared to over 100 degrees. During the water fights the bank's thermometer read as high as 113 degrees. People did what people do when there's a good time to be had and temperatures are high—they retreated to water and shade. Above, (from left) LiLeigh Littrel, Halle Bardsley, Joshua Starnes and Jacksen Littrel cool off with some sprinkler action, under the watchful eye of Ryan Starnes. At the left, (from left) Cousins Tyler O'Neil, Zachary Statz and Grant Statz cool each other off with a water fight of their own.
