

Mothers defy evolution

Dear Editor:

“As thou knowest not what is the way of the spirit nor how the bones do grow in the womb of her that is with child: even so thou knowest not the works of God, who maketh all,” Ecclesiastes 11:5.

Every mother in all the species on God’s earth createth in her gestation time (from egg to birth) a new individual life.

If evolution were true—Add? Multiply? Divide?—Subtract? Why hath not a more sophisticated process evolved???

“For vain man would be wise, though he be born a wild ass’s colt,” Job 11:12.

Signed,
