The Wauneta Breeze

Members of the Wauneta Chamber met last Monday evening last week for their annual Christmas Mixer. The evening was co-hosted by Valley Bank & Trust and Johnston Real Estate and featured food and beverages aplenty.

Those in attendance were entered for a chance to win a 19-inch flat screen television given by the two hosts. Rick Einspahr was the lucky winner of the prize.

The evening featured social time as well as a fun activity that had those in attendance stretching their memories. The Mixer's fun activity asked members to list historical leaders of various community groups.

Mixer attendees broke into teams to complete the activity, which spurred much discussion and a competitive edge.

The activity was derived as a fun way of making Chamber members more aware of who is and has served in these leadership roles in town. It also stressed the importance of these leadership positions within our community.

Try your hand at completing the activity. Answers can be found on page 8 of the print or e-editions.
