By Robert Tigner

Extension Educator

Plan to attend the April 4 Imperial Tree Care Workshop. The past years of drought has hurt many trees in southwest Nebraska.

UNL Extension and Nebraska Forest Service are sponsoring a tree care workshop where you can get some answers to questions on tree problems and care April 4.

The tree care workshop begins at 9 a.m. local time at the Lied Library, Imperial. Topics that will be covered include:

- Tree Selection for SW Nebraska: choosing drought tolerant, sustainable trees

- Proper tree planting

- Pruning tree basics

- Hands-on tree pruning at the CCS arboretum

This workshop is free. If bad or rainy weather occurs, we will do all of the sessions of the
